GRAPE VARIETY: 100% Black Gamay with White Juice
DEGRE: 12 %

VINIFICATION

HAND PICKING: 100%
VINIFICATION: Direct pressing, and vinification in liquid phase, in thermoregulated vat to preserve the maximum aromatic potential. The fermentation is stopped by cold, to obtain an optimal taste equilibrium, and to help a natural clarification.
BREEDING: in vats for 4 months
ELABORATION: Then, an elaborate process allows an addition of carbon dioxide, until the effervescence (5 bars). This wine is bottled against pressure of gas, to keep the organoleptic balance. Finally, a cork and a “muselet” complete this cuvée (without tirage liqueur, nor disgorgement: a natural wine!)

FOOD & WINE AGREEMENT: aperitif, cocktails, fruit pies ... and extended evenings.
